April 2009

Dear Home Owner

It's on again! I am pleased to let you know, BrizNet, a network of local churches and Christian ministries is gearing up for the 2009, "Yes! We Care" campaign.

This important event, which has become known as "Queensland's Biggest Neighbourhood Blitz" is run across many suburbs, to help residents in need with basic home repairs and maintenance. With the assistance of support agencies and the Brisbane City Council, BrizNet has been able to mobilise numerous volunteers from Brisbane Churches to assist residents like you. However, in order to ensure this free service is effective; a representative of BrizNet would like to meet with you at your convenience, to ensure they can do their best to serve everyone's needs on Saturday 30 May 2009.

Last year 2,700 volunteers assisted nearly 900 households through the "Yes! We Care" campaign. Yes! We Care is part of the National Day of Thanksgiving, which saw over 1,200 communities across Australia join together in expressions of thanksgiving and care in their local communities.

I hope with Council's ongoing support, you can continue to benefit from what is a very generous and legitimately free service helping to make a difference in Brisbane.

Yours sincerely

Campbell Newman
LORD MAYOR
